Shifa Center of Professional Excellence (SCOPE)

Shifa Center of Professional Excellence (SCOPE) is the standalone learning and training arm of the Shifa Foundation, established with the fundamental goal to strive for excellence in medical teaching, professional learning, and encouraging the research ventures.

To elevate the capacity building, the Shifa Center of Professional Excellence (SCOPE) aims at cultivating professional competence and performance by delivering skills and knowledge to learners.

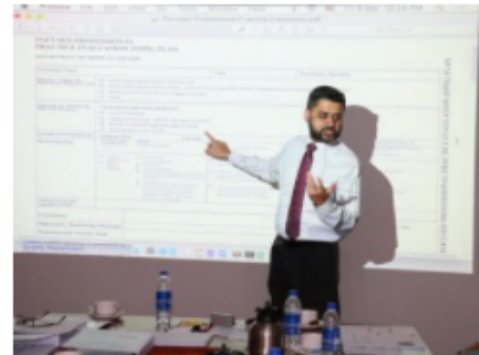

Our Mission:

To be the nation's state of the art continuing learning and training facility in education, innovation, and research.

To accomplish this mission, we apply evidence and best practices from the education and implementation sciences to develop and evaluate activities that initiate to improve the skills, strategy, and performance ultimately to create better health outcomes.

Our Objectives:

- To learn, grow, and transform through quality education and training.
